Fundamental Factory

TEN of the BEST SKILL - BUILDING DRILLS I Have Ever Used in my 23+ years in the Business! Challenge Your Players With New Drills This Season! Assembly Line Skill Builders!

Think about what you would see if you observed an assembly line in a factory. I have had such an experience. I witnessed an almost choreographed — like precision to the steps involved in creating the finished product. It was truly awesome to see. I watched something start, with little or no value, and watched as it grew and developed over a short period of time into something of beauty and value. In addition, I would venture to guess that these assembly line employee's could do their job in their sleep.

*I believe we can create this same atmosphere in practice — with our drill work. The "Fundamental Factory" is a detailed drill series — 10 in all — that will teach and reinforce important skills, both on offensive and defense, in a repetitive, competitive and progressive environment. Your players will be challenged - both mentally and physically - on each of these 10 drills. Drill Names Include: The Shredder, Shooting Machine, The Perfect 5, Barbed Wire, 3 on 3 on 3 Cut-Throat, The Grinder, Karl Malone, Motion Builder, Triple Shot Weave and The Gauntlet. (59 Pages) Available in paperback only **(\$22.95)***
