

Kansas

Quick hitter (3)

1

Kansas Quick Hitter

Louisville, Florida and now Kansas use this same quick hitter, usually in a late clock situation.

(#5) sets a straight on back screen for (#1). (#1) has the option to go in either direction. (#2), (#3) and (#4) look to spot up for the dump off pass from the driving (#1) player.

Whichever direction (#1) takes off the screen, usually means the opposite wing player will float back for defensive balance.
