

Ob under vs. man (10)

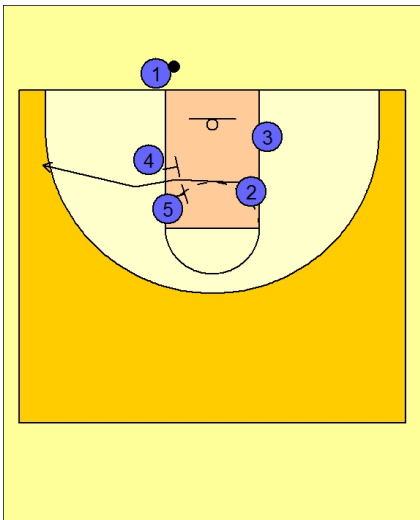

Kentucky OB Under vs. Man

Three players stacked in the middle of the lane.

Play starts with #2 sliding up just a bit to back screen for #3 cutting to the rim.

As soon as #3 cuts off the shoulder of #2, #5 and #4 set a double screen for #2 who curls off the screens looking for the open jumper on the ball side of the floor.

Kentucky OB Under vs. Man

Another option off of this alignment is for #5 to step back after the back screen happens from #2 and #3.

Now, #4 and #5 use the old open gate / closed gate, as #2 cuts through the middle with #4 and #5 closing in the gap so the defender can not get though.
