

Louisville

Quick hitter (10)

1

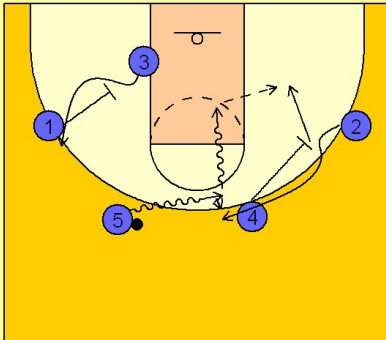

Louisville Quick Hitter vs. Man Defense

#5 flashes into the high post. #1 hits #5 with the pass while #3 cuts back door to the low block on the ball side. #1, after passing to #5, cuts down and over to replace the space vacated by #3.

2

Louisville Quick Hitter vs. Man Defense

#4 screens away for #2. As this screening action is going on, #5 takes the ball at #2 coming off the screen for an immediate dribble hand off. #1 is down screening for #3 to occupy the defense on the back side. #2 will come off the screen and hand off from #5 looking to shoot, drive or pass. He can turn the dribble towards the basket and attack, or, he will look for #3 coming off the down screen from #1.

#5 could also turn it up towards the basket before handing off if he can handle it. #4 rolls to the basket looking for a pass after screening for #2.
