Quick hitter (9)

1

Louisville Quick Hitter

A similar looking play from Louisville with a little different twist at the end.

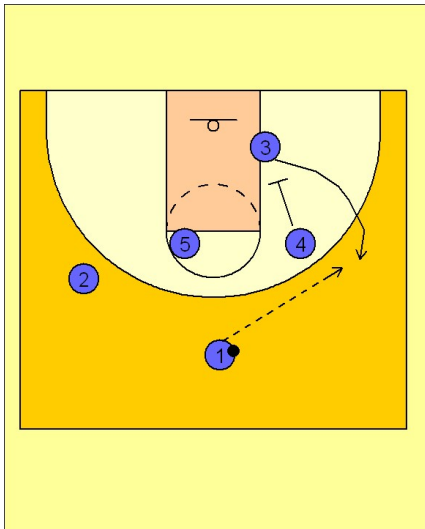

(#4) and (#5) set screens for (#2) coming across the floor to the opposite wing area. (#3) cuts down and across to the opposite block.

(#4) then sets a pick for (#3) breaking out to the wing. (#1) enters the ball to (#3).

3

Louisville Quick Hitter

(#4) moves out to execute a pick and roll with (#3) on the wing.

As they are executing the pick and roll, (#2) is clearing out while (#1) is getting a back screen from (#5) to fade to the opposite wing for a potential skip pass from the driving (#3) and shot. (#3) may also look for (#4) rolling to the basket off the pick and roll.
