

Marquette

Set play vs. man defense (1)

1

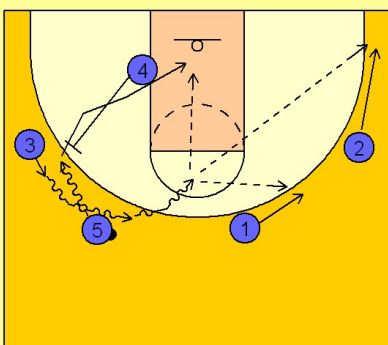

Marquette Set Play vs. Man Defense

#4 steps out and ball screens for #1 on top. As #1 comes off the ball screen, #4 rolls down the middle of the lane looking for the pass from #1. #5 clears out and replaces the spot #1 just vacated on the dribble, also opening up the lane for #4. If #4 is not open, #1 will pass across to #5 on top.

2

Marquette Set Play vs. Man Defense

Once #5 catches the ball he turns to his left and dribbles at #3 for a dribble hand off and screen. #3 takes the hand off over the top and looks to get in the gap to score or drive and kick out to #1 or #2.

If they are not open he also has #4 back screening for #5 who has rolled to the basket for the lob pass.
