Set play vs. man defense (5)

1

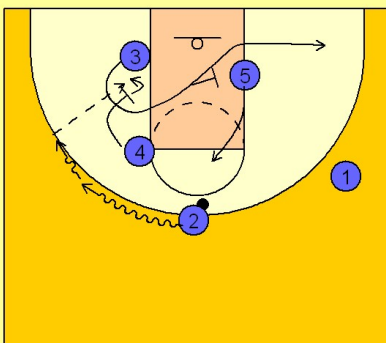

Marquette Set Play vs. Man Defense

#1 drives to the right side of the floor while #2 cuts down to the block then out to the top off the down screen from #5. #1 enters the ball to #2 on top.

2

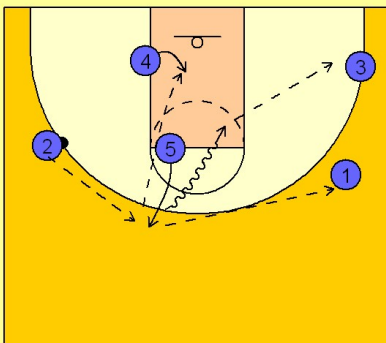

Marquette Set Play vs. Man Defense

Once #2 has it on top, #2 takes the ball over to the left side on the dribble while #4 down screens for #3. #3 curls around the screen while #4 steps back into the post and seals for the post entry pass from #2. #3 clears out to the opposite side, stopping for a moment to screen for #5. #5 uses the screen and flashes to the high post.

3

Marquette Set Play vs. Man Defense

If #4 is not open for the pass from #2, #5 steps out to the high post to receive the pass on top. #5 can look into #4 ducking into the post or he can reverse the ball to #1 on the right wing. He can also look to put the ball on the floor into the right gap looking to score or drive and kick out to #3 on the right wing.
