

**Set play vs. man defense (13)**

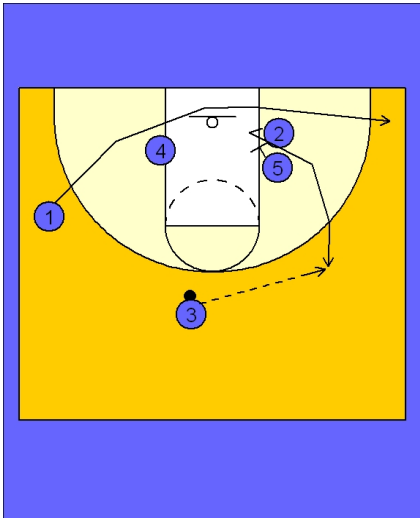

**Dribble Motion Set**

#2 and #5 stacked on the right side.

#4 down screens for #3 on the left block. As this down screen action is taking place, #1 is driving the ball to the left wing area.

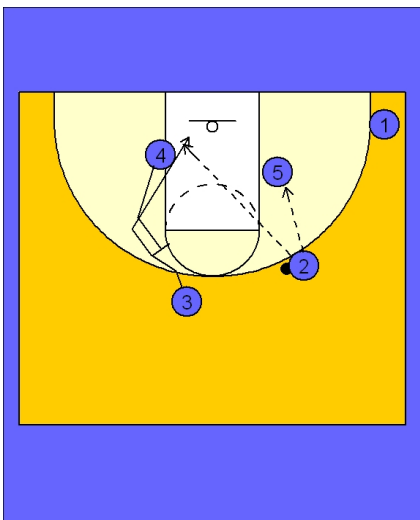

#1 picks up the ball and passes to #3 on top.

**Dribble Motion Set**

As soon as #1 passes to #3 on top, he cuts through the lane out to the opposite corner area.

#2 uses a pin down screen from #5 and breaks out on top to receive the pass from #3.

**Dribble Motion Set**

As soon as #1 clears out and #3 passes to #2, #4 slides up and sets a back screen for #3.

#2 will look to feed the post player #5 or #3 cutting to the rim for the lob pass.

**Dribble Motion Set**

If #3 did not receive the lob pass from #2, #4 will turn around and rescreen for #3, trying to free him for a jumper on top.
