1

Memphis Zone Offense

Here is more action that Memphis will use vs. the zone defense.

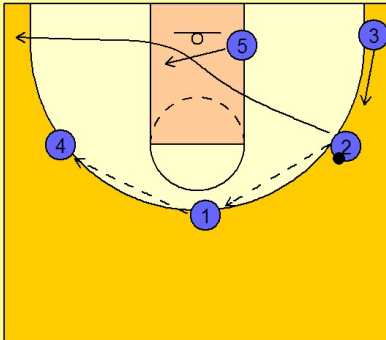

#4 steps out and ball screens #1. As #1 comes off the screen, #3 is cutting to the ball side corner area. #1 hits #2 on the right wing as he comes off the ball screen from #4.

#2 then reverses the ball to #1 on top who passes over to #4 on the left wing area. #5 follows the ball across while #2 cuts through and out to the left corner area. #3 slides up to replace the spot #2 vacated.

3

Memphis Zone Offense

#4 passes to #2 in the corner and then cuts into the high post. This option usually finds #4 wide open with a great opportunity to shoot, pass or drive. #1 and #3 slide over to keep proper spacing on top.
