

Michigan state Ob side out (3)

1

Michigan State Side-Out vs. Man

Here is a good play if you are looking for a couple of options to get a quick 3 point shot.

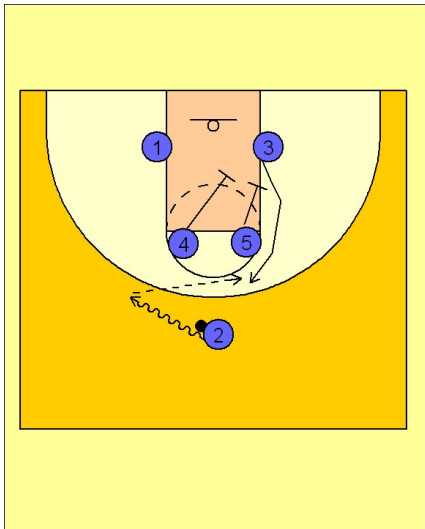

#3 is on the ball side block by himself.

#4, #2 and #5 are stacked along the FT line.

#2 breaks out to receive the entry pass from #1.

After #1 enters the ball to #2, he cuts through the lane to the opposite low block.

2

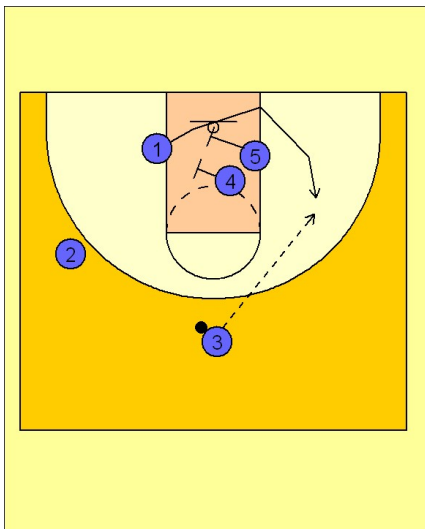

Michigan State Side-Out vs. Man

Once #2 has the ball he takes it over to the opposite side of the floor on the dribble. As this action is taking place, #4 and #5 set double down screen for #3.

#3 comes off the double looking for the 3 point shot.

3

Michigan State Side-Out vs. Man

If #3 doesn't have the shot, #4 and #5 will move across the lane and set a double screen for #1 who is coming out looking for another quick 3 point shot attempt.
