Michigan State OB Under

Your best post player should be taking the ball out of bounds on this play.

(#1) breaks to the opposite block, (#4) breaks to the ball side corner, (#2) breaks up to the ball and (#3) pops out to the top.

(#5) will enter to the corner.

(#4) reverses the ball to the top man (#3). (#2) sets a screen on (#5's) defender. It is imperative that the (#5) man step in and around the screen, rubbing his man off of the screen by the (#2) man. (#3) will look to feed the post man (#5) if he is open.

If it is not there, (#4) sets a down screen for the (#2) man who has just set the screen. This "pick the picker" action could free the (#2) man for a jumper in the corner.
