Oklahoma Quick Hitter vs. Man Defense

#1 takes the ball on the dribble across the top from right to left. As this is happening, #5 steps out and back screens #2 as he cuts baseline off of #5's screen and gets another screen in the lane from #3.

As soon as #2 cuts off of #5, #5 turns around and gets a screen in the lane from #3. #4 down screens for #3 creating the "pick the picker" action in the middle of the lane.

#1 can hit #2 in the left corner, #5 in the paint, or #3 breaking to the top of the key area for the open jumper.
