## Early offense (6)

1

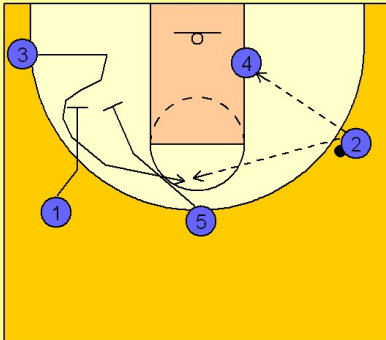

Utah Early Offense vs. Man

#1 reverses the ball to the trailer #5 who passes over to #2 on the right wing.

2

Utah Early Offense vs. Man

As #5 gives up the ball to #2, #1 and #5 set a double screen for #3 away from the ball, trying to free him for a jumper at the top of the key.

#4 can also look for a post entry pass from #2, as the help side defense is being occupied with the screening action away.
