

# Villanova

## Ob under vs. man (1)

1

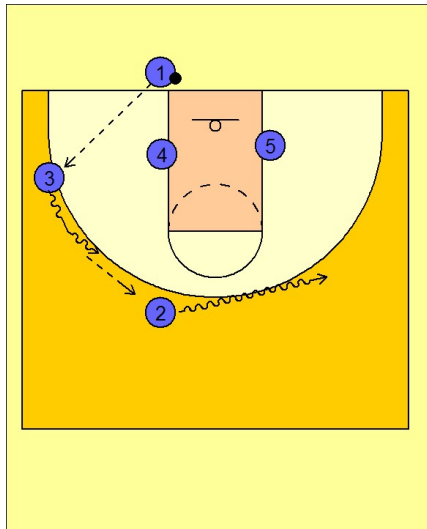

Villanova OB Under vs. Man Defense

#2 back screens for #5. #5 cuts to the basket looking for the quick inbounds pass from #1. #2 steps out to the perimeter after screening for #5.

#4 and #3 cut to the left low block together. When they get to the block, #3 breaks out to the left corner to receive the entry pass.

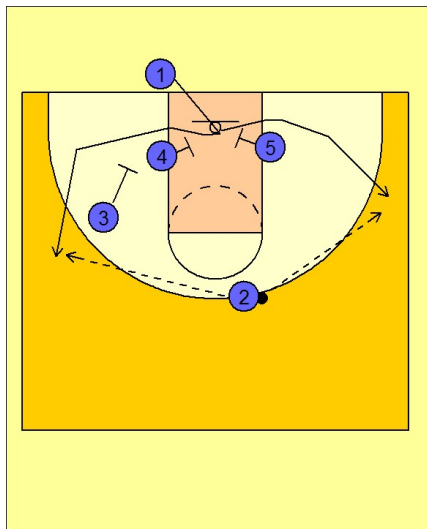

2

Villanova OB Under vs. Man Defense

Assuming #5 and #4 were not open on the first cut, #1 inbounds to either #3 in the left corner or passes straight out to #2. In any event, the ball will be brought towards the middle of the floor regardless if it is #3 driving it or #2.

3

Villanova OB Under vs. Man Defense

When the ball gets near the top, #1 steps in and uses the single screens on the blocks from #4 or #5 and pops out to either wing for an open shot. If #2 has the ball, #1 will have a double staggered screen on the left side.
