

Wisconsin

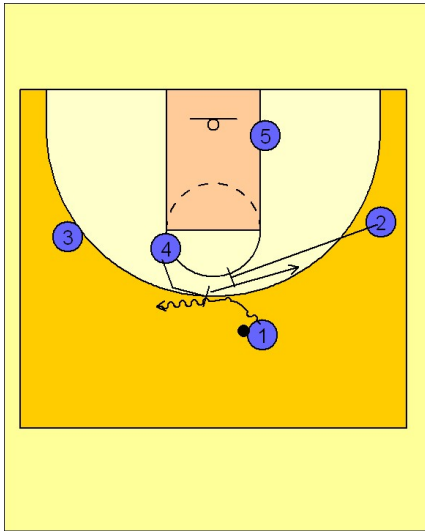

Quick hitter (1)

1

Wisconsin Quick Hitter vs. Man

As we mentioned during the break down of Wisconsin's half court offense, they like to use some good screening action out front before the begin their "Swing Offense".

#4 steps out and ball screens for #1. After #4 screens he gets a screen from #2, completing the "pick the picker" action.

2

Wisconsin Quick Hitter vs. Man

As #1 comes off the ball screen from #4, he turns and looks for #4 fading to the back side off the screen from #2. Wisconsin's big people have the ability to shoot the "3" point shot so this action is always effective when executed properly.
