As soon as #3 passes to #5, he sets a screen for #1 in the left corner. #1 comes off the screen while #5 is dribbling at him. #1 takes the dribble hand-off from #5 and looks to get into the lane to score or will look to hit #4 coming off the down screen from #2 on the other side.

West Virginia Set Play vs. Man Defense

Another option on this play is for #5 not to hand the ball off to #1. #1 will continue his cut to the top of the key and clear out. #5 keeps dribbling to #3 and executes the dribble hand-off with him.

Same action applies from here. #3 looks to get in the lane to score or hit #4 coming off the down screen on the right side of the floor or drive and kick out to #1 on top.
