## Early offense (6)

1

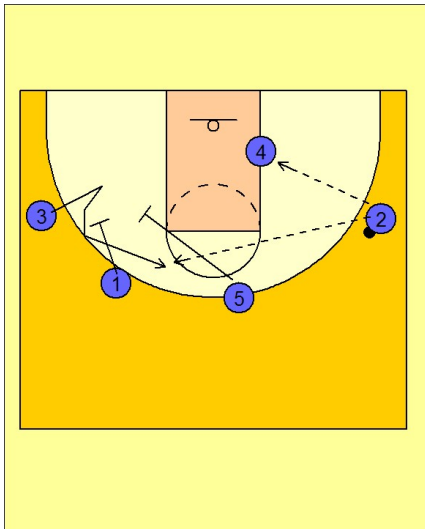

Gonzaga Early Offense

#1 takes the ball up the left sideline and then passes the ball on top to the trailing big man #5.

#4 ducks in the post looking for the high / low entry from #5.

If #4 is not open, #5 passes to #2 on the right wing.

2

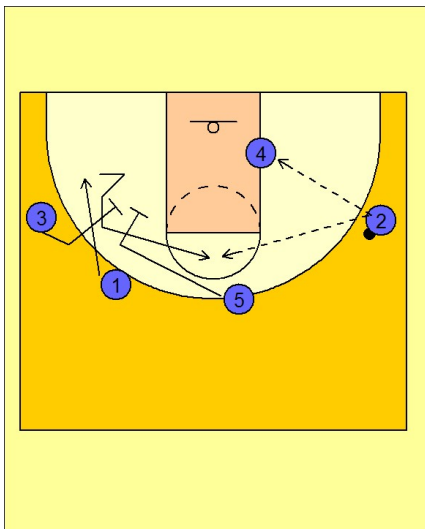

Gonzaga Early Offense

Once #2 has the ball he looks to #4 isolated on the right low block.

As that is happening, #1 and #5 occupy the backside defenders by double screening away for #3 on the left wing.

3

Gonzaga Early Offense

Another option on this play would be for #1 to cut down underneath #3 and then #3 and #5 would set the double screen for #1.
