Gonzaga OB Under vs. Man

#4 and #5 set a double screen for #3. As this is happening, #2 tries to duck in the post for the quick entry from #1.

#3 will curl off of this screen looking for the quick entry either right after the screen or after he curls and cuts down the lane.

#2 will then follow #3 coming off the same double screen from #4 and #5. He will look to get open on the ball side wing for a shot. After the double screen, #3 clears out and #4 flashes to the ball side block area while #5 breaks to the low block away from the ball looking for an entry pass.
