To start the play #5 and #4 back screen for #3 and #2, bringing them to the ball side of the floor.

#1's first look is to #3 inside or #2 on the right wing.

We will assume #3 didn't get the ball inside for the score and #1 had to pass to #2 on the right wing.

#2 quickly reverses the ball to #4 on top.

#2 then down screens for #3 while #5 down screens for #1 stepping inbounds and out to the left wing area.

#4 looks to hit either wing with a pass for a potential jump shot.

2

#1 can look to feed the post player on the catch. From here BC would run right into their flex offense.
