Cincinnati OB Under vs. Man Defense

Box set to begin.

#2 cuts to the ball side corner area.

#4 steps back looking for the pass from #1. This is a "decoy" move as #5 slides in to set the back screen for #4 cutting to the basket. By #4 putting his hand up looking for the entry pass from #1 as he backs up the lane, this will cause the defender to tighten up a bit on #4 trying to stop the entry pass. This will in turn make the screening action between #4 and #5 more effective.

#1 can hit #4 cutting to the basket, #5 screening and breaking towards the right low block area or #2 on the right wing.
