## Duke Quick hitter (6)

**Duke Quick Hitter** 

- (#1) receives a ball screen from (#3) out front.
- (#2) receives screens along the base line from (#4) and (#5).

As (#2) comes off the screens, (#4) and (#5) shape up hard in the post looking for a post entry pass from (#1) coming off the ball screen.

(#1) may also hit (#2) on the wing for the shot off the staggered screens along the baseline.

(#4) can flash to the high post for the high / low action with (#5).
