

### Quick hitter (9)

### Florida Quick Hitter vs. Man

#1 drives the ball to the right side of the floor. While he is bringing the ball over, #4 and #5 set a double staggered screen for #2 on the right wing.

As soon as #2 comes over the first screen, #5 cuts to the low block looking for the post up and entry pass from #1.

#5 may also "slip" the screen...cutting to the basket just before the screening action is to take place between #5 and #2.
