## Quick hitter (1)

1

### Arizona Quick Hitter

Stacks on the block to begin.

(#2 and #3) cross out underneath getting screens from (#4 and #5). (#1) will read the defense and enter to the open player on the wing.

(#1) also has the option to feed the ball directly to the post men (#4 and #5) sealing in the lane after screening.

2

### Arizona Quick Hitter

(#1) enters to (#3) on the wing. (#3) can look for a quick post up to (#4).

(#2) will set a back screen for the point guard (#1) and he will then flare to the back side of the offense looking for a skip pass and shot. (#2) will pop out after back screening for ball reversal and floor balance.

3

### Arizona Quick Hitter

(#2 and #3) may also fake the cross out underneath and curl around their post screens from (#4 and #5) and pop out to their original wings for the entry pass.
